

## Cardio Core 2: Week 6, Day 2

### Directions

Complete a full dynamic warm-up before doing the workout. The chart below breaks down the workout. Some exercises include two variations. Choose the one that works best for you.

Perform each circuit for the designated number of reps or time unless otherwise noted. Complete the first circuit before moving on to the second. Perform three sets (three times through all exercises) in each circuit. Rest as little as possible between exercises. For all single-arm or single-sided exercises, complete the repetitions on both sides before moving on to the next exercise.
